

FOUNDER'S MESSAGE

Driving Global Trade with Quality & Trust

"At Babhaniya Overseas, we don't just export products; we deliver reliability. With over 8 years of industry experience, our mission is to provide precision-graded materials that empower global industries. From the mineral-rich belts of Kutch to the industrial hubs of Bharuch, we ensure every shipment meets the highest international standards."

BABHANIYA OVERSEAS OPC PVT LTD

Your Global Partner for Premium Industrial Minerals & Building Materials.

www.babhaniya.com

Why Partner With Us?

- Direct Sourcing: Partnerships with premium mines and manufacturers.
- Quality Assurance: NABL accredited lab testing for every batch.
- Strategic Location: Proximity to Mundra & Kandla Ports for cost-effective logistics.
- Customization: Products tailored to your specific mesh and grade requirements.

INDUSTRIAL PRODUCTS

High-Purity Minerals for Specialized Industries

1. Premium Silica Sand (SiO_2) 98.37%

- Purity: 98% to 99%+ Silica content.
- Iron Content: Ultra-low (Fe_2O_3 0.039%), ideal for Solar & Ultra-clear Glass.
- Range: 8 Mesh to 500 Mesh (Grains to Micro-fine Powder).

BUILDING MATERIALS

Modern Solutions for Sustainable
Construction

1. AAC Fly Ash Blocks

- **Features:** Lightweight, thermal insulation, and fire-resistant.
- **Advantage:** Reduces structural dead load and speeds up construction.

BUILDING MATERIALS

2. TMT Bars & GRPF Rebar

- **TMT Bars:** High-strength reinforcement bars for seismic zones.
- **GRPF Rebar:** Non-corrosive, lightweight alternative to steel for specialized projects.

3. Joining Mortar & Aluminium Sections

- **Mortar:** High-bond strength adhesive for thin-bed block jointing.
- **Aluminium Sections:** Premium grade sections for modern architectural facades
